JCPP Advances 2023 Lecture

What the research tells us; Anxiety, Neurodiversity, Suicide, and Genetics

Henrik Larsson, PhD

Editor-in-Chief of JCPP Advances

Professor of Psychiatric Epidemiology at School of medical Sciences, Örebro University, Sweden

Affiliated researcher at Department of Medical epidemiology and biostatistics, Karolinska Institutet, Sweden

Thank you to the ACAMH team

Thank you to the JCPP *Advances* Editors

There are no planned fire drills, if a fire alarm goes, it is real and we ask you to evacuate immediately.

JCPP Advances

Where are we now?

- JCPP Advances is a gold Open Access journal
- It has seen a remarkable growth for a young journal which started publishing in 2021
 - It has been indexed on Directory of Open Access Journals (DOAJ) and PsycINFO/Psychological Abstracts (APA)
 - We have published over 140 papers
 - Our submissions are growing steadily by around 15% a year
 - The journal has had over 193K downloads
 - Papers are steadily gaining citations
 - Transfer uptake from JCPP around 28%
- We have applied to be indexed on PubMedCentral and Emerging Sources Citation Index
- **Beyond the metrics, we are really proud to be supporting the research community by offering a high standard outlet for their research**

JCPP Advances

Ambitious Goals!

- Lead and influence
- Increase the reach and impact of important scientific advances
- Improve the understanding of, and outcomes for, children, adolescents and young adults in our society

JCPP Advances

Ambitious Goals!

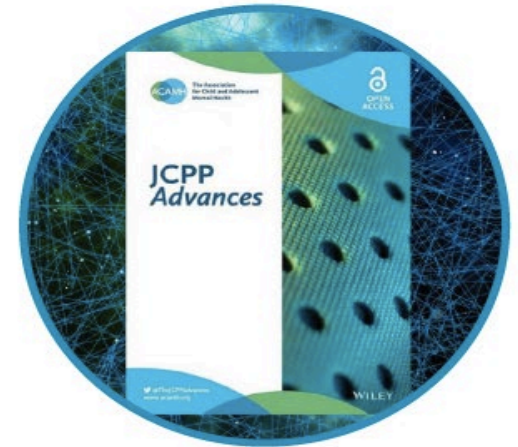

- Lead and influence
- Increase the reach and impact of important scientific advances
- Improve the understanding of, and outcomes for, children, adolescents and young adults in our society

The annual JCPP Advances Lecture series plays an important role in achieving these goals and ambitions

JCPP Advances 2023 Lecture *What the research tells us; Anxiety, Neurodiversity, Suicide, and Genetics*

**Proud to present five leading researchers,
academics, and practitioners!!**

JCPP Advances 2023 Event Speakers:

Anxiety genetics: what do we know and how might that help?

Professor Thalia Eley

Developmental Behavioural
Genetics at IoPPN, KCL.

She directs the EDIT lab, taking a highly interdisciplinary approach, using both the twin design and molecular genetics, whilst also drawing on cognitive, clinical and developmental psychology.

Publications in JCPP Advances

Rimfeld, K., Malanchini, M., Packer, A. E., Gidziela, A., Allegrini, A. G., Ayorech, Z., Smith-Woolley, E., McMillan, A., Ogden, R., Dale, P. S., Eley, T. C., & Plomin, R. (2021). The winding roads to adulthood: A twin study. *JCPP Advances*, 1(4), e12053. <https://doi.org/10.1002/jcv2.12053>

Lockhart, C., Bright, J., Ahmadzadeh, Y., Breen, G., Bristow, S., Boyd, A., Downs, J., Hotopf, M., Palaiologou, E., Rimfeld, K., Maxwell, J., Malanchini, M., McAdams, T. A., McMillan, A., Plomin, R., & Eley, T. C. (2023). Twins Early Development Study (TEDS): A genetically sensitive investigation of mental health outcomes in the mid-twenties. *JCPP Advances*, e12154. <https://doi.org/10.1002/jcv2.12154>

JCPP Advances 2023 Event Speakers:

Depression in autism and ADHD: What do we know?

Dr Lucy A. Livingston

Lecturer in Psychology at IoPPN,
KCL

Her research uses interdisciplinary
methods to understand
neurodevelopmental conditions
across the lifespan.

Publications in JCPP Advances

Livingston, L. A., Waldren, L. H., Walton, E., & Shah, P. (2022). Emotion processing differences mediate the link between sex and autistic traits in young adulthood. JCPP Advances, 2(3), e12096. <https://doi.org/10.1002/jcv2.12096>

JCPP Advances 2023 Event Speakers:

The treatment of anxiety disorders in adolescents

Dr. Polly Waite

Associate Professor, Oxford University.

Her clinical and research interests are anxiety disorders. Recently led a feasibility randomised controlled trial on cognitive therapy for adolescent panic disorder.

Publications in JCPP Advances

Waite, P., Pearcey, S., Shum, A., Raw, J.A.L., Patalay, P. and Creswell, C. (2021), How did the mental health symptoms of children and adolescents change over early lockdown during the COVID-19 pandemic in the UK?. JCPP Advances, 1: e12009. <https://doi.org/10.1111/jcv2.12009>

Guzman Holst, C., Bowes, L., Waite, P., Skripkauskaite, S., Shum, A., Pearcey, S., Raw, J., Patalay, P., & Creswell, C. (2023). Examining Children and adolescent mental health trajectories during the COVID-19 pandemic: Findings from a year of the Co-SPACE study. JCPP Advances, e12153. <https://doi.org/10.1002/jcv2.12153>

Skripkauskaite, S., Creswell, C., Shum, A., Pearcey, S., Lawrence, P., Dodd, H., & Waite, P. (2023). Changes in UK parental mental health symptoms over 10 months of the COVID-19 pandemic. JCPP Advances, e12139. <https://doi.org/10.1002/jcv2.12139>

Lawrence, P. J., Skripkauskaite, S., Shum, A., Waite, P., & Dodd, H. (2023). Changes in UK pre-schooler's mental health symptoms over the first year of the COVID-19 pandemic: Data from Co-SPYCE study. JCPP Advances, e12163. <https://doi.org/10.1002/jcv2.12163>

JCPP Advances 2023 Event Speakers:

Developmental Origins of Suicide Mortality

Dr. Pablo Vidal-Ribas

Joint editor of JCPP Advances

Ramon y Cajal Investigator at Sant Joan de Déu Research Institute, Barcelona.

He uses clinical, epidemiological, and neuroimaging approaches to identify risk and protective factors of mood disorders in young people.

JCPP Advances 2023 Event Speakers:

Exploring mechanisms linking ADHD symptoms to co-occurring mental health issues

Dr. Aja Murray

Reader in Psychology at the University of Edinburgh.

Her research examines mental health from a developmental perspective using longitudinal and ecological momentary assessment techniques. Her recent work includes a focus on examining the role of mechanisms such as emotion regulation issues in the links between ADHD symptoms and commonly co-occurring mental health issues.

Publications in JCPP Advances

Murray, A. L., Ushakova, A., Speyer, L., Brown, R., Auyeung, B., & Zhu, X. (2022). Sex/gender differences in individual and joint trajectories of common mental health symptoms in early to middle adolescence. JCPP Advances, 2(1), e12057. <https://doi.org/10.1002/jcv2.12057>
